NATIONAL FORENSIC LEAGUE

Giving Youth a Voice Since 1925

WHO WE ARE

The National Forensic League (NFL) is a 501(c)3 not-for-profit honorary society created to recognize high school students in speech and debate. It is the oldest and largest interscholastic forensic organization. In 2011, more than 112,000 high school and middle school students, representing more than 2,800 high schools and nearly 100 middle schools, built their communication, leadership, cognitive, and presentational skills as members. Since 1925, more than 1.3 million students have found their voice in the NFL.

MISSION

The NFL honor society promotes high school and middle school speech and debate activities as a means to develop a student's essential life skills and values.

VISION

Our vision is that every child in the United States will be empowered to become an effective communicator, ethical individual, critical thinker, and leader in a democratic society.
